Hi Renee,

It does not look like you made it. I think it's quite clear that they used your footage to make a point. It seems quite clear that you didn't make it. As for whether or not they use it for D&E legislation, that's exactly why you need an attorney to get them to take it down.

You should use your concern about violence against you staff to make a case.

Let me know what's going on with this Renee. You have every reason to be upset.

Love,

C [REDACTED]
